

## HARMONY CLASS B FIRE RATED DECKING

Teckwood's Harmony Decking offers the most natural look, feel, and colours available today in luxury dual sided capped fire rated composite decking, all balanced with time-tested durability and performance with none of the maintenance associated with traditional timber decking.

The low-gloss co extruded formulation and unique texturing process create a beautiful dual sided finish. Multi-tonal streaking echoes elegant hardwoods and is inspired by natural elements and pigments offering a subdued yet striking composite decking board.

Fire Resistance

Eco friendly

Low maintenance

Anti slip

UV Stable

Easy clean

long lasting

Low Life  
Cycle Cost

Teckwood's new Class B fire rated Harmony composite decking board features the same beautiful on trend styles as the rest of Teckwood's composite decking, you do not have to sacrifice style. It can help minimise risk due to fire exposure and may be a contributing factor in stopping small isolated fires from being a destructive force on domestic and commercial properties.

STEP BOARD

140 x 22 x 3600mm Solid co extruded bullnose step board in four contemporary colours.

FINISHING TRIM

70 x 10 x 3600mm solid co extruded finishing trim in four contemporary colours.

Since stainless steel cannot catch fire. It will not aid in the propagation of spreading flames in the case of a standard structural conflagration.

Always check with your local building code authority to confirm the decking fire requirements in your location, and even if the building codes do not require it, you might want the peace of mind that comes with knowing your home is that much more protected if the unthinkable happens.
